

1. K-LOVE radio is my primary radio station during my daily commute (90 minutes). Gets me in the right mind frame for work and helps me to unwind after work.
2. Don't displace K-Love with an LPFM broadcast. It is the primary source for Christian music in the area and has a wide following.
3. K-LOVE provides a public service by providing parents an alternate source of non-offensive music that their families can listen to at anytime without constant monitoring.
